PROFESSIONAL PROFILE

Results-driven PLM Developer with 2.5+ years of hands-on experience at Accenture, specialising in Siemens Teamcenter customisation and enterprise PLM delivery for global manufacturing clients. Holds deep expertise in ITK customisation, BMIDE configuration, Dispatcher, workflows, TCPB integration and setup, Ghostscript integration, and Teamcenter RAC & AWC environments. Proven track record in delivering end-to-end POC solutions, conducting knowledge transfer sessions, and executing Agile sprint cycles. Experienced in working directly with client teams on a Germany-based global manufacturing client's PLM engagement — translating complex business requirements into scalable, production-ready Teamcenter solutions.

PROFESSIONAL EXPERIENCE

Packaged App Development Analyst

Oct 2023 – Aug 2026

Accenture | Chennai, India | Full-Time

Key Responsibilities

- Developed and customised Teamcenter ITK modules to meet client-specific PLM requirements, delivering solutions aligned to the Germany-based global manufacturing client's enterprise PLM standards.
- Configured BMIDE, Preferences, Workflows, Stylesheets, and Dispatcher components to support end-to-end PLM application behaviour and business-process automation.
- Delivered POC solutions — Extended Stamping & Watermarking and PDF-A Generation using Ghostscript — owning full development lifecycle from requirement analysis through testing and deployment.
- Leveraged GitHub Copilot to accelerate ITK customisation, improving code quality and reducing development turnaround time.
- Resolved user stories, bugs, and incident reports (IRs) within Agile sprint cycles via JIRA, ensuring consistent delivery within client timelines.
- Conducted structured knowledge transfer sessions across ITK, BMIDE, and PLM-easy modules for team members and new joiners.

Key Achievements

- Delivered two client-recognised POCs — Extended Stamping & Watermarking and PDF-A Generation — demonstrating full ownership of enterprise Teamcenter integrations in production environments.
- Built comprehensive expertise across the full Teamcenter stack: ITK, BMIDE, PLM-easy, Dispatcher, Ghostscript, RAC & AWC.

Business Analyst Jr. (Intern)

20 Sep 2021 – 30 Nov 2022

Royal Welding Wires | Chennai, India | Internship

Key Responsibilities

- Conducted exploratory analysis and evaluation of IMS and CRM tools including Inflow, ZOHO One, QuickBooks, and Megaventory.
- Played a key role in finalising and delivering Customer Relationship Management (CRM) and Inventory Management System (IMS) solutions.
- Contributed to front-end development tasks as part of the implementation team.

EDUCATION

Qualification	Institution / Year / Result
B.E. – Computer Science & Engineering Anna University	SRM Valliammai Engineering College 2019 – 2023 8.8 CGPA
Grade 12 – CBSE	Dr. G.S. Kalyanasundaram Memorial School 2018 – 2019 75.8%
Grade 10 – CBSE	Dr. G.S. Kalyanasundaram Memorial School 2016 – 2017 8.8 CGPA

TECHNICAL SKILLS

ITK Customization	Workflows	BMIDE	Stylesheets & Preferences
TCPB Functionalities	Dispatcher	Batch & XML Scripting	GitHub Copilot
JIRA / Agile	Production Delivery Process / Pipeline	SQL	Power BI

CERTIFICATIONS

- SIEMENS Teamcenter (X) Certified Associate
- Microsoft Azure Fundamentals (AZ-900)
- Microsoft Power BI Data Analyst (PL-300)
- Microsoft AI Transformation Leader (AB-731)
- Google Data Analysis With Python
- Google Project Management — *Ongoing*

AREAS OF INTEREST

- Product Lifecycle Management (PLM)
- Siemens Teamcenter Functional & Consulting
- Business Analytics & Business Intelligence
- Artificial Intelligence & Deep Learning
- Business / IT Management

RESEARCH, PUBLICATIONS & CONFERENCES

Peer-Reviewed Publications

- Performance Analysis of ML Algorithms — Published in IJRASET (Undergraduate Research).
- Artificial Intelligence — Published in Lime Light Journal (Undergraduate Research).

Conferences

- ICEAT Conference — Malla Reddy Engineering College, Hyderabad | June 2023. Presented research on Performance Analysis of Machine Learning Algorithms.

INDUSTRIAL TRAINING

- Data Science — Smartknower (In-Plant Training)
- Artificial Intelligence — Verzeo (In-Plant Training)
- Soft Skills Development — Tata Consultancy Services (In-Plant Training)
